

# Creating a standard implementation and enrollment process for our customers

Traditional methods for implementation and annual enrollment support can result in delays as the benefit carrier waits for their custom file feeds to be completed. The collaboration between **UKG** and **Sability** – a leading HCM consulting firm – reduces Voya’s file feed process down to 4-6 weeks.\*

## Collaboration Benefits

 Dedicated resources

 Implementation Playbook for efficiency

 Direct customer support from Sability and Voya

- expert consultant
- swift issue resolution

 Flexible service model to fit customer needs

\*Estimates based on typical customer implementation timelines. Actual implementation time may vary by client and/or circumstances.

## About Sability

Trusted HCM Consulting firm for over 25 years

Certified partner of UKG since 2006

HQ'd in Atlanta with over 100 team members across the U.S. and Canada
